COMPANY PROFILE

2025

About COMPANY

- EgyTech Company was Established at 2007 as a wholesale distributor of Data Communication & Networking Components products.
- In EgyTech we work to provide the best IT Infrastructure Technologies by providing leading edge communication Solutions and expand our knowledge regionally and internationally.
- In EgyTech we are committed to develop our intellectual capital to chive Excellence in service quality.

MISSION

To make sure that our partners receive what they need to run their businesses as well as possible, with maximum efficiency and reliability, so we give them the assurance that we will be there when they need us.

VISSION

EgyTech is committed to building long term relationships based on integrity, performance, value & client satisfaction.

We are strongly committed to remain a positive contributor to the IT community, employees and partners.

OUR SERVICES

EgyTech has long experience in the study, design and execution of Technical and Financial Studies for Telecom Networks Infrastructure.

Our Expertise spans from IT networks (LAN/MAN/WAN) to full scale Telecom Trunk and Access Networks.

Contemporary Technology aspects are included in our technical portfolio to meet diverse communication needs (Fiber Optics, Copper, Wireless, CWDM, DWDM, 10G etc.) in cost efficient ways.
